SUBJECT: Evaluation of the Comprehensive Economic Reporting Program (CERP)
 for Indonesia

1. A copy of the draft instruction containing the results of a survey of economic reporting from Indonesia during the period 1 April 1958 through 15 March 1959 is attached. A few examples of this type of reporting are also attached for your information. Three examples of CERP reporting have been selected from the State despatches of 1956 available in the library.

2. Because of the growing importance to this Office of economic reporting from Indonesia, it is requested that a critical review of this draft instruction be made. Please make a qualitative evaluation pointing out gaps and deficiencies and making recommendations where needed.

3. To be of any value in the final preparation of this instruction by State, your comments should be returned to St/I/R by 16 April 1959.
